Subject: Microsoft Settlement

The law requires a public comment period between now and January 28th after which the District Court will determine whether the Microsoft settlement is in the "public interest."

My comment is in support of the Microsoft settlement. In my opinion, Microsoft, while not perfect, has done more to advance computer usage by the general public than any other single company.

sincerely,

Lawrence L. Burkett, 30 Ebersohl Cir, Whitehouse Station, NJ 08889
